

Section 19: Standby and Resale Service

- 1.0 All purchased electric service (other than emergency or standby service) used on the premises of Customer shall be supplied exclusively by Utility, and Customer shall not, directly or indirectly, sell, sublet, assign, or otherwise dispose of the electric service or any part thereof.
- 2.0 Customers with solar generation beyond the metering point must sign an interconnection agreement with the Utility and follow the safety provisions for connecting the local system to the Utility's electrical system.
- 3.0 Customers with back-up or standby generators should contact the Utility prior to installation.
